IREM GOK

COMPUTER ENGINEERING STUDENT

Phone: +90 (552) 790 70 90 **Email**: iremgk1803@gmail.com **Address**: Buca, Izmir, TURKIYE
Github: github.com/iremgok **LinkedIn:** linkedin.com/in/iremgok

EDUCATION

Izmir Bakırcay University | 2023 - Present
Computer Engineering GPA: 3.44 / 4.00

EXPERIENCE

Software Development Intern

PHINIA Delphi Automotive Systems Turkey Inc. - 2025

- Developed a Python based "Review Helper Tool and Chatbot"
- Gained hands-on experience in automotive embedded software development processes

Student Employee – Smart University Coordination Office

Izmir Bakircay University - 2025

- Actively participated in project coordination activities
- Supported reporting and content management processes using Python and MS Office

PROJECTS

VR Port Catheter Simulation – TUBITAK 1002-A

Research Scholar | July 2026 – Present

- Proposed VR-based simulation for port catheter insertion in oncology applications

BakircayUnderwater – TEKNOFEST Project 2026

- Participating in the simulation and software development of an Autonomous Underwater Vehicle

VR Occupational Health & Safety Simulation – TUBITAK 1002-A

Volunteer Member (2025 - Present)

- Under the supervision of Assoc. Prof. Dr. Onur UGURLU, contributed to VR-based Occupational Health and Safety simulations (fire extinguishing, fall from height)
- Worked on modeling and development using Unity (C#) and Blender

MLVisor Project – TEKNOFEST 2025 Finalist

- Finalist in TEKNOFEST 2025 with MLVisor, an artificial intelligence and machine learning project
- Contributed to data visualization, AI/ML development, and presentation processes

SKILLS

Languages: Python, C#, C++, C, SQL

Tools: Unity, Blender, Ansys, MS Office

Concepts: Machine Learning, VR/AR Development, Embedded Systems

LANGUAGES

English *B2 Level* French *A2 Level*

CERTIFICATES

2025 - Web Programming Certificate 2024 - SectorX Certificate - *Ankara University* 2024 - First Aid Certificate

HOBBIES

- Tennis
- Ice Skating
- Drawing
